# Need Transport for a Trip Out?

There's an easy way . . .

Your organisation can  
join Community  
Transport and have the  
use of a minibus that  
will suit your needs.

## Hiring a Minibus for your Group

## Community Transport for Local Organisations in Brighton and Hove

Does your organisation want to run a trip somewhere? Would a minibus do the job?

Community Transport (Brighton, Hove and Area) Ltd specialises in providing safe, affordable and accessible transport to community groups, clubs and voluntary sector organisations in the area.

## Hiring Our Minibuses for Your Group

We have a fleet of 16 minibuses, most of them wheelchair accessible, that can seat up to 16 people. These are available for hire, with or without a driver, at a reasonable price, to any community group or club that wishes to join us as a member organisation.

Some organisations use our Group Hire service on a regular basis and get the best out of the service by providing their own volunteer drivers. We will provide driver assessment and training if groups wish to consider this.

## How much will it cost?

Our standard charges (from January 2014) are:

Monday to Friday daytime: £9 an hour, plus 70 pence per mile (including the part of the journey to and from our depot). If you specifically request a 16-seater minibus, for a daytime journey on Mondays to Fridays, the hourly charge will be £10.

Evenings and Weekends: £30 per half day or evening; £60 per whole day; £90 per 2 days - plus 70 pence per mile.

If you want to use one of our drivers, this costs an extra £10.25 an hour (£11.25 per hour, evenings and weekends).
